THE TRUTH ABOUT GUN VIOLENCE

On average, **306** people are shot every day across the country

Over **111,000** are shot in America every year

Pennsylvania had over **1,600** gun deaths in 2017

A police officer is fatally shot in Pennsylvania every six months, while an assault with a firearm against a police officer occurs approximately every two days

In the last decade, 50% of Pennsylvania Police Officers killed in the line of duty were killed by long guns

8TH

From 2012 to 2014, Pennsylvania ranked eighth for highest number of guns exported to other states and recovered in crimes, with a total of 5,844 such guns

From January 2014 to June 2016, 12 children died and 22 were wounded in unintentional shootings in Pennsylvania

Pennsylvania experiences more gun deaths than motor vehicle deaths
