

**WHEN THE GOVERNOR  
declares a state of emergency,  
a concealed carry permit  
is required to carry a gun.**

**BUT WENDI THOMAS VOTED  
to allow anyone to openly brandish  
a weapon during an emergency,  
even without a permit.**

**WE'VE SEEN WHAT HAPPENS**  
when weapons are openly carried during emergencies. It's a recipe for tragedy.

## BUT WENDI THOMAS DOESN'T CARE...

**Wendi Thomas voted to allow guns to be openly brandished during an emergency.\***

We've seen what happens when weapons are openly carried during emergencies. In Pennsylvania, activists have been fired on. In Kenosha, someone decided to brandish an assault rifle and then use it to kill two people. Simply put: openly carrying weapons during emergencies makes communities less safe, not more.

**Wendi Thomas isn't looking out for us, even during emergencies. She is looking out for gun extremists.**
