

CEASEFIREPA NOT ONE DAY MORE

Signature Collector's Name

Dear PA Senate Judiciary Committee Chair Baker & Majority Leader Pittman,

We have lost too many lives to the gun violence epidemic in Pennsylvania. I'm calling on you to schedule a Senate Judiciary Committee hearing and a vote on the bipartisan, life-saving gun violence prevention legislation that the PA House passed in May:

- HB 714 to establish universal background checks
- HB 1018 to create Extreme Risk Protection Orders.

These bills have strong bipartisan support and are based on the best evidence for preventing gun violence. This legislation would save lives in Pennsylvania and it needs your support. Please stand up for Pennsylvanians and hold a hearing on these two bills.
